

# Human Word Search

## Description

The challenge: Each student in the classroom must become part of a word related to the topic presented in class. No two words may be the same!

## Materials

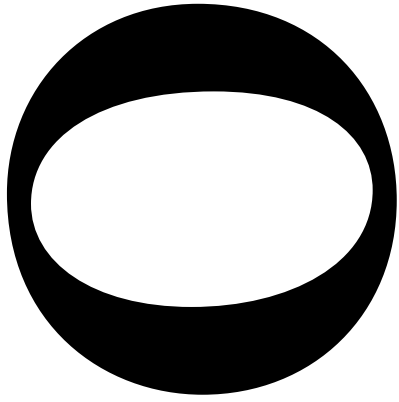

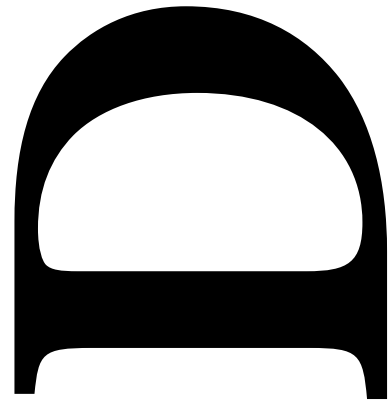

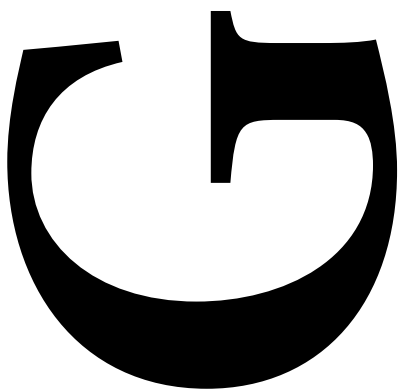

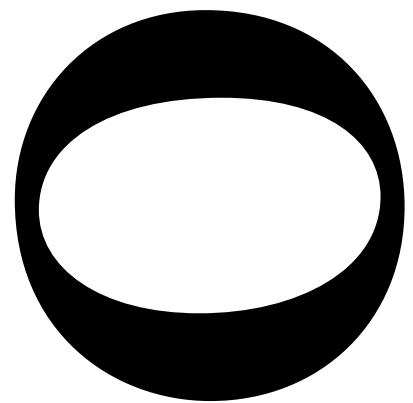

- Alphabet letters and WILD CARDS
- Space for participants to move for activity

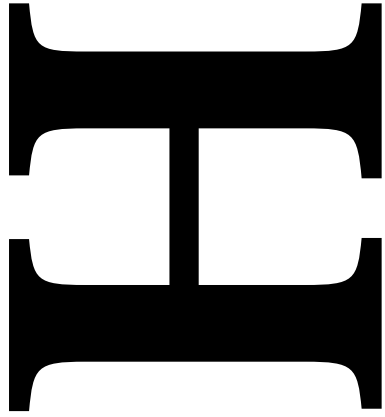

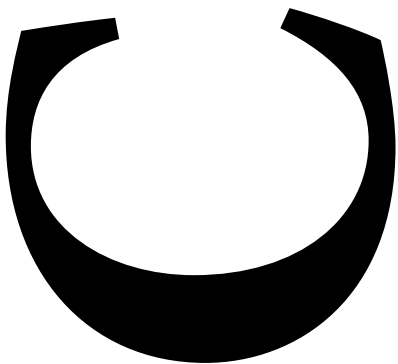

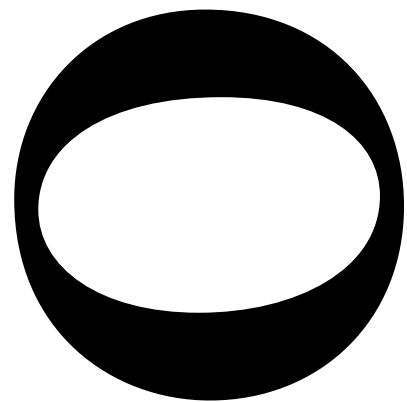

## Teacher Preparation

Make 2 or more photocopies of each sheet of alphabet letters and WILD CARDS and cut into individual cards.

## Procedure

1. Randomly divide the alphabet letters and WILD CARDS so that each participant receives at least one, but preferably two or three cards.
2. Explain the challenge:
  - When the signal is given, participants will form economic concepts with others in the group. Possible concepts: Scarcity, cost, opportunity cost, money, goods, barter, profit, economics, trade, choice
  - The goal is not to be the first to form a concept but rather to make sure everyone in the group gets to be part of the concept.
  - Participants may use one or more of the letters.
  - Not all letters need to be used.
  - No two concepts in the group may be the same.
  - Not all letters of the alphabet are provided.
3. After all participants have become part of an economic concept, instruct each group to share their concept, definition and an illustration.

A large, bold, black outline of the uppercase letter 'O' centered within a square frame.A large, bold, black outline of the uppercase letter 'A' centered within a square frame.A large, bold, black outline of the uppercase letter 'G' centered within a square frame.A large, bold, black outline of the uppercase letter 'O' centered within a square frame.

A large, bold, black letter 'E' centered within a square frame.A large, bold, black letter 'I' centered within a square frame.A large, bold, black letter 'C' centered within a square frame.A large, bold, black letter 'O' centered within a square frame.
